OFFICIAL PAPER OF THE CITY

The fixing of gas rates by the Railroad Commission without consulting the cities affected has exposed that body and its decisions to considerable criticism. Tropico was dissatisfied when it fixed a rate of $75 per month for fire hydrant service. That is the secret of the strong desire for municipal ownership of our water system which has led to the calling of a bond election to buy it, a desire to secure emancipation from the dictums of both the water company and the Railroad Commission.

All Day Club Conference

An all day conference of club women of the Los Angeles County Federation will be held September 27 in the Broadway Department auditorium beginning at 10 o'clock. Fine speakers have been secured and there will be a parliamentary drill from 10 to 11 o'clock. Every clubwoman is urged to attend.

Mrs. Morgan Convalescent

Mrs. Ernest J. Morgan of 409 North Central avenue, who underwent a very serious operation last month in the Methodist hospital in Los Angeles, returned to her home Monday afternoon. Her convalescence was delayed by a dangerous complication which still gives cause for anxiety.

Big Meeting

The meeting of thirty-three mothers and daughters at the city hall last Thursday evening might be epitomized as animated conversation and active fingers. If tongues were busy the hands kept pace with them. Everybody worked (with a needle of some description) except the reporter.

There is still some yarn on hand but the purchasing committee is anxiously seeking more or the money to buy more in order that our Tropico boys may be outfitted with the woolen garments they will need for their comfort the coming winter.

Will Marple reports that he is already provided with sweater, socks and mittens; that the Los Angeles chapter of the Red Cross has outfitted the forty or more men enlisted for the base hospital service.

Tropico's contribution to the army and navy will probably be not less than twenty-five men, and these should be equipped by our home workers if possible. Donations to be used for the purchase of yarn will therefore be thankfully received.

Socks are the most difficult to make of any of the articles included in the "set," and many good knitters shy at the "Kitchener toe." We have some workers who have mastered it and these are willing to do team work, i. e., if knitters will knit the foot for a distance of say eight inches from the heel, or to where narrowing should begin, our experts will finish them from that point. Knitters willing to do this will please report to Mrs. Reifenberick or Mrs. Tiffany.

Pieces of cotton prints which can be pieced together to make comforter tops are desired. Several comforters have been made and sold and more orders are in sight.

In obedience to the suggestion of President Wilson, the children are to be enlisted in Red Cross work and Mrs. Bacon, chairman of the auxiliary, is now trying to work out plans to that end which will be announced when matured.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Farewell to Soldier Boys

Last Thursday the "selects" of the Seventh county district who were to go forward that week reported at district headquarters at San Fernando, where they formally entered the service of Uncle Sam and were put on his pay roll. There were not many from Tropico, the list including Robert A. Oliver, Roger Baker and Herbert Crickmer, who recently removed to Los Angeles. Hill McGinnis, Owen Emery and Joseph Wilson of Glendale, all of whom are well known here, were also on the roll.

Mr. and Mrs. Glenn Craig invited a party which included Dwight Stephenson and Mrs. Louis Coole to join them in accompanying Robert Oliver to San Fernando Thursday, and Friday morning the same hosts made the farewell trip with Mr. Oliver, their guest list including Mrs. Andrew Stephenson and Mrs. Coole.

Mrs. Craig was the driver on both occasions and her new Rio Six bit the dust in fine shape. Returning members of the party declare she made the run in twenty minutes. Anyway, she "got there," as she usually does, and it is safe to assert that she did not present a doleful countenance to the boys in making her farewells.

It was a busy week for the soldiers and they had to do some hustling to meet all the breakfast, luncheon and dinner engagements made for them, not to mention stunts in between.

The soldier special left Los Angeles about 9 o'clock Friday morning, and fifty selects from this district were taken on at San Fernando. There were many times that number on the station platform, however, as each man had his group of friends to bid him Godspeed.

The district sent a fine lot of upstanding young fellows. We are sorry to lose them from our communities but are proud to see them go so cheerfully to do their bit for their country and for democracy.

Sewing Machine Needed

Any citizen of Tropico who can provide a sewing machine for the use of the Red Cross Auxiliary at the city hall will be regarded as a benefactor. The school machines were used during the summer, but now they are needed by Domestic Science pupils.

A FAREWELL SERMON

The Sentinel learns with regret, tempered with hope, that Rev. Don S. Ford will preach a farewell sermon at the Tropico Methodist church next Sunday morning.

The Southern California Methodist Conference will be held next week at Long Beach, and while it is not certain that Mr. Ford will leave Tropico, it is possible he may be transferred to another charge.

In the sermon referred to Mr. Ford plans to talk about the work and fellowship of pastor and people in the church for the last two years and to speak of the outlook for the year which will begin with the close of the conference. All friends of Mr. Ford and the Methodist church are invited to attend.

The subject of the evening discourse will be: "The Greatest Theme in Heaven or Earth."

Mothers' Congress

Mrs .W. A. Gallentine presided at the first meeting of the First District of California Mothers' Congress held September 20 at the rooms of the County Board of Education. Officers reported progress in all directions and Miss Anna Obear, chairman of programs, announced that the first conference, which would be held October 23, would be an all-day session. Dr. Jessie Russell, state president, and several other state officers were present.

Executive Board Meets

A meeting of the Executive Board of the Thursday Afternoon Club was held at the home of its president, Mrs. Wesley Bullis, last Thursday afternoon, those present in addition to the hostess being: Mesdames J. Herbert Smith, A. J. Becker, Mary Ayres, Hal Davenport, S. E. Brown and Misses Ida Myers and Gertrude Gibbs.

Mrs. Becker, chairman of programs, announced that Mrs. Lou V. Chapin would probably be the speaker at the opening meeting, October 3, and that she would sound the keynote of the year's work in a talk on the Red Cross and its Mission. While programs will by no means be confined to this theme, the club members seem to feel they should concentrate, as far as possible, on this line of service. Mrs. H. S. Ryerson has consented to act as instructor in knitting at the club meetings, and it is expected that work during the sessions. This is in line with the recommendation of the California Federation that women's clubs devote one or more programs to war service and defense.

An interesting communication brought before the board was a proposition from the district chairman of Reciprocity that clubs which have talented members capable of furnishing entertaining numbers, exchange them with other clubs, with, of course, the consent of the talented.

Prenuptial Dinner

Friday evening the 14th, Mr. and Mrs. Louis Coole gave a prenuptial dinner to Miss Lola East of Glendale and her fiance, Mr. Charles Carroll of Exeter. Mr. Monty Coole, Miss Grace Beach and Mr. Sydney Simon were also guests. The marriage of Miss East and Mr. Carroll took place the following Tuesday and last Friday they left for their home in Exeter where Mr. Carroll has an orange ranch. Miss East is a great favorite in Glendale and Tropico social circles and the good wishes of a host of friends will attend the young people in their new life.

SCHOOL ENROLLMENT

According to statistics furnished by Principal Dickerson of the Cerritos school, the total enrollment in Tropico schools to date is 264, divided as follows: Acacia school, Miss Hamilton's room, 26; Miss Cornwell's room, 35; Cerritos school, 203. It is probable these figures will be increased as some of the primary children have not been registered, and some of the children from the Atwater Tract have not been accepted.

State Text Books

Not all of the state text books for the Tropico schools arrived last week, but a further shipment is enroute and all needs will soon be met.

School Library

As most parents probably know, the Tropico School District turns over its library funds to the county library and in return receives from it consignments of books. The first consignment for the fall term has been received.

Ball Team

Eighth grade boys have organized a ball team of which Marshall Wilson has been chosen captain.

Gone to War

The eighth grade has lost one of its boys. Millard Young has enlisted in the marines as a private, his parents having given their consent.

Interesting Letter

From an interesting letter written to a Tropico friend by Herbert Collage of Troop D. 1 Cavalry, stationed at Linda Vista, the following items are taken:

"You want to tell your father to drive down here. We are about ten miles from San Diego. They call it Camp Kearny. It would be a nice drive for you all. What is the Red Cross doing now, still making things for the soldiers? We sure make good use of those comfort bags. They come in handy. I don't know what we would do without them. Nobody in camp has any like them. They wish they had some."

LIVELY SCHOOL MEETING

The meeting at the Cerritos school house last Monday night demonstrated that Tropico parents are still interested in the management of their own schools, and not particularly eager to turn them over to the citizens of some other municipality to run. It was a perfectly good natured gathering but it was evident the audience knew its own mind and was determined to make clear just what it wanted.

As president of the board, Mr. Carmack called the meeting to order and explained its purpose and the efforts which the Board had made to provide for the teaching of first and second grades in the most efficient manner and at the same time accommodate the pupils.

Mr. L. D. Hyer was the first speaker. He resides on Gardena avenue and made a vigorous protest against requiring primary pupils to attend school in the northeast corner of the district, when the two other school houses were so much nearer. He exhibited a rough outline map of Tropico indicating the locations of the school houses. He declared that were a radius of eight blocks drawn around each building, Cerritos and Magnolia schools would be found to be fairly central and all the territory within Tropico, whereas a like radius around the Acacia school would locate three-fourths of the territory in Glendale. That was his text for insisting that grades for the little pupils should be established either at Magnolia or Cerritos schools.

Alien Influence

He also spoke with some bitterness of a mysterious resident of Glendale who had taken a hand on registration day and spirited children in her auto to the Acacia school for enrollment without the knowledge or approval of their parents, and he reproached the board for being influenced by such aliens.

Mr. Carmack promptly repudiated the implied charge and denied any responsibility for the activities of the party referred to, stating that the actions of the board had been guided entirely by the recommendations of the principals of the Cerritos and the Acacia schools who had canvassed the matter thoroughly, but added that the

board was disposed to make any compromise it consistently could and maintain at the same time the standard of efficiency without increased expense.

A general informal discussion followed in which A. J. Van Wie, Mr. Bennett of Gardena avenue, Mrs. Chauncey K. Lake, Mrs. George M. Howe, Mr. Clyde Seal, Mr. Edward Ayers, Mrs. E. V. Bacon and others participated.

Mr. Carmack sustained the objections raised by parents to the plan originally proposed to transport the primary children by autos to the Acacia avenue school, saying he would be very reluctant to assume any responsibility for the safety of children under such an arrangement.

After it had been made clear that the rooms in the Cerritos school are well filled now and that the introduction of more grades will overcrowd them, the question appeared to settle down to a choice between Acacia and Magnolia with a prospect that a room would be opened in the Magnolia building for first and second grades, and that a like room with possibly a third grade added would be taught in the more northern building. A committee of volunteers to canvass the district was named. This body will report to the board and it is probable a satisfactory adjustment will be reached in the course of a few days.

Outside Pupils

An interesting point brought out in the course of discussion was the fact that Tropico has been receiving without remuneration about twenty-five pupils from the Atwater Tract and other localities just over the Los Angeles line. Under present school laws the moneys for the education of these children belong to Los Angeles; but arrangements for the transfer of pupils and funds can be made under agreements which could be entered into by the school boards of the two municipalities, or, should they fail to reach an agreement, the matter could be referred to County Superintendent Keppel for adjudication. It was the sense of the meeting, at which several residents of the Atwater Tract were present, that steps should be taken without delay to secure a transfer of funds and permit these pupils to attend the Tropico schools. The parents argued that Los Angeles is under obligations to give them school advantages and that it would cost the city less to transfer the pupils than to build a school house and establish a teacher in the tract.

Stunt Party

Girls of Union High are to have their annual "Stunt Party" Saturday evening, September 29, in Masonic Temple, Glendale. It will be under the auspices of the senior class.

New Comers from Iowa

Mr. Amos Kimberly, brother of Charles Wallace Kimberly of this city, Mrs. Amos Kimberly, Mrs. Pragle and Mr. Storms, all of West Liberty, Iowa, arrived last week by auto and have since been the guests of the Kimberlys on San Fernando boulevard. They have, however, leased a house at 916 West Ninth street, Glendale, and plan to remain for several months, possibly a year.

They traveled by the Lincoln Highway, passing through Des Moines, Council Bluffs, Omaha, Denver, Salt Lake City, Goldfield, etc., They encountered no rain on the trip except one slight shower, and all pronounce it a delightful journey. They visited Southern California four years ago and have ever since desired to return.

Stag Party

Union High boys have announced a "stag party" for the evening of September 28. It will be in honor of the "scrubs" and Berna Martin will be Grub Manager.

Lawn Party

Last Friday, September 21, a lawn party was given by the seniors on the High School campus. It was a friendly, get-acquainted affair. Games were played and refreshments were served by the girls.

Luncheon

A farewell luncheon for Mrs. C. D. Horning of Tucson, Ariz., was given last week by Mrs. A. J. Becker of Central avenue. Covers were laid for five, the guest list including besides the hostess and honoree, Mesdames William Scott of Monrovia, Anderson Olmstead of Los Angeles, and George Horning of Tropico.

Dinner Party

Miss Carrie Stone entertained at the home of her parents on Mira Loma avenue last Thursday evening with a dinner party in honor of Miss Evangeline Hunchberger, who is going away to school the coming year. The guest list included Messrs. Seymour Smith and W. H. Johnson. It was a five-course affair, the table being centered with pink roses and ferns, with rosebud boutonniers for favors.

Todds to Remain at Beach

Mr. and Mrs. Peck, Miss Miller and Mr. Monte Coole were the guests of Mr. and Mrs. Glenn Craig on a Sunday auto trip a week ago to Hermosa Beach, where they visited Mr. and Mrs. Richard Todd. The Todds do not expect to return until December. The tenant who is occupying their house on Glendale avenue wishes to keep it until that time or until he completes a large art commission which he is executing for the decoration of a fine building in the east. He is using the old piano factory on San Fernando boulevard as a studio.

Guest from Nebraska

Miss Alma Loop of Stratton, Neb., was the guest last week of Mrs. E. L. Early of 216 Blanche avenue.

Visiting in Idaho

Mrs. Mary R. Rhea of 216 Blanche avenue has gone for an extended visit with friends and relatives in Idaho and Washington.

Return to Kirkwood

Mr. H. W. Dionysius of Gardena avenue said goodbye last week to his mother and sister who have been his guests for the past month and who returned to their home in Kirkwood, Mo.

Library Drive

Posters announcing the big drive for the current week to provide libraries for the boys in camps have been placed, calling attention to the need and to the fact that Mr. Cushing will receive donations. It is the special desire of those pushing this work to provide technical works for the instruction of soldiers in the various branches of the service, that they may the better equip themselves for the work they may be called upon to do.

Will Marple

Will Marple reports that the boys of the base hospital corps have been moved from San Pedro to the county hospital, where they are kept busy studying anatomy and physiology and taking lessons in practical nursing and surgery. The latter includes the privilege of witnessing operations. There are about forty men from the original unit, to which twenty have been added from the University of California, about twelve surgeons and forty cadet women nurses. They all expect to be sent to France inside of a month. Meanwhile they are permitted to go home every night and Will plans to lead the choir of the Tropico Methodist church as long as he remains.

Mr. Marple also stated that the second class apprentices would have their final examinations the last of the month. Those who pass will automatically become first class apprentices and will be made first assistants to the surgeons.

COMPLIMENTING MRS. ELDER

The social afternoon provided by the ladies of the Presbyterian church last Friday afternoon proved an altogether delightful affair. It was in the nature of a surprise farewell party for Mrs. Elder, who will soon leave Tropico with her husband for Carroll, Nebraska. Members of the Burbank Presbyterian Ladies' Aid Society, of which Mrs. Elder was once a member, were invited and a fine musical and literary program was enjoyed, several numbers being furnished by Burbank ladies. Mrs. S. E. Brown, president of the Tropico society, made a little speech of farewell and prophecy in which she paid tribute to the great worth and service of Mrs. Elder, paving the way for the entrance a few moments later of a miniature prairie schooner inscribed: "Nebraska or Bust," and bearing a travel shower for the guest of honor. Mrs. Elder was completely surprised but rose to the occasion as such women can. Before adjournment, simple refreshments were served.

The enlistment of Mr. Elder's brother has left a vacancy on the parental farm in Nebraska which it seems to be Mr. Elder's duty to fill, and he is therefore returning to assist his father in the conduct of the ranch.

Atwater Avenue Tract

Mrs. D. C. Hyer and Mrs. Nannie Swane of Susanville, Calif., were the guests of Mrs. L. D. Hyer of Gardena avenue last week.

Mrs. Henry Grauel and Mrs. Emma McMillan were guests of Mrs. Ellett of Los Angeles last Thursday.

BEACH HOUSE PARTY

Mr. and Mrs. Louis Coole were guests at a small house party at Alamitos Bay, Sunday the 16th.

Los Angeles Creamery milk must be mighty good milk when more than thirty five thousand families use it every day!

PROCEEDINGS OF BOARD OF TRUSTEES

All members were present at the regular Tuesday evening meeting. Also present were City Clerk Van Wie, City Attorney Shaw, City Engineer Wattles, City Marshal Gould, and Fire Chief Fairfield.

The assembling of a considerable audience gave warning of the probable presentation of some matter for the consideration of the board.

Communications

A letter from Mrs. Bullis, secretary of the Library Board, was read in which she asked for authority to contribute duplicate volumes contained in the library and which are not needed, to the soldier camp library at San Pedro, Mr. Fry of Tropico, superintendent of the Y. M. C. A. for soldiers and sailors, having solicited such contributions. After brief discussion the request was referred back to the library board with authority to act according to its best judgment.

A telegram from the State Railroad Commission advising of a change of date in the hearing on gas rates to Tuesday, October 9th at 10 a. m., was referred to the city attorney.

A communication from the American Cast Iron Pipe Company inquiring as to the probable needs of the city in connection with the acquirement of a water distributing system for which a bond election has been called, was ordered placed on file.

A letter from the B. F. Goodrich Company Rubber Works offering metal road signs free, was ordered placed on file.

Street Lamps

Representatives of the Newton Electric Company and of the Glendale Electric Company, both of Glendale, were present to submit propositions for supplying street light bulbs for the coming year. Mr. Newton, who has been supplying the city for the past two years, showed that the service the company has been giving has been somewhat better than 30 per cent above its guarantee. As it has been satisfactory and the proposed Newton contract allows a discount of about 17 per cent, the board voted to execute the contract. t

Consolidation Petition

Mr. David G. Black then presented a petition asking for an election to vote upon the consolidation of Tropico and Glendale, which petition, he stated, bore the signatures of 560 voters. The petition was received and referred to the city clerk for verification.

Complaint

Mrs. Ella Richardson entered complaint in regard to deposits of sand and gravel on a lot owned by her at the corner of Central and Gardena avenues, which she declared it had long been the duty of the city to remove. Referred to superintendent of streets.

Brown Voucher

S. E. Brown, ex-City Recorder, made a demand for unpaid salary and was informed the voucher therefor had been approved. Later in the session it was the subject of discussion, the city clerk stating that though approved, it had never been ordered paid. Trustee Veselich then offered a motion, seconded by Seal, and carried, that the demand be paid.

Red Light Danger Signal

At the request of Marshal Gould, the board instructed the city clerk to ask the Southern California Edison company to suspend a red light over San Fernando road at the northwest corner of the city as a danger signal.

Gas Rate Conference

Trustee Peters reported attending a conference at Glendale relative to gas rates, at which a meeting of the attorneys of the various cities interested was set for next Saturday.

Housing the Siren

Trustee Seal complained of the damaging appearance of the fire siren on the roof of the city hall, and the probability that it would rust in such an exposed position. He urged that it be removed to the tower. Objection was made that the walls of the tower would muffle the sound, but this, Mr. Seal considered, would be an advantage. Marshal Gould stated the siren was painted with a view to its exposure to the weather. No action was taken.

Demands

The following demands were aproved and ordered paid: Andrew Baker, street labor, $5.00; E. C. Fairfield, miscellaneous expense, $1.50; W. C. Roake, motor repairs, $4.70; Pacific Tel. & Tel. Co., return of special deposit, $200.

The board then adjourned.

A MAN'S MAN

W. H. Clune announces that he has secured the first showing of the great Paralta seven reel picture, "A Man's Man," featuring the screen's most romantic actor, J. Warren Kerrigan, for Clune's Auditorium, beginning Monday, October 1. He can well be termed the greatest love maker ever appearing in pictures, for Lois Wilson, his leading lady, will be envied by all womankind. And as a real, genuine scrapper, he makes the heretofore great fighting scenes in such pictures as "The Spoilers" appear like child's play.

RED CROSS RECEIPTS

Treasurer Charles Cushing reports receipts to date which have been accounted for to the Los Angeles chapter as $442.90.

These serve as a credit with the Los Angeles chapter against which the Tropico auxiliary can draw in the purchase of materials from the Los Angeles organization, but our local body is required to return an equivalent in manufactured garments. For this reason a fund is being accumulated independent of the moneys deposited in Los Angeles for the purpose of buying yarn which local members will manufacture into the knitted sets for Tropico boys who have gone or are going to war. Wool has been advanced several times in price and local officers are anxious to buy as much as possible before it climbs still higher.

Donations during September for this local work have been reported by Mrs. Tiffany as $24.31, of which $16.41 was realized from the sale of pencils. The list of those who contributed the balance of the fund included the following names: Mesdames Sterling, Shiver, Chandler, Collage, Marsh and Tiffany.

BEAUTIFYING UGLY CHINA

A china painter tells how old china covered with decorations which are not artistic or which are no longer in the mode, can be renovated to bring them into harmony with modern taste or with a special scheme of decoration. If the shape is good the design may be removed by means of certain acids which will leave a matt surface and the piece can then be lustered or otherwise redecorated. The peacock shades of blue and green which are so popular with interior decorations are very handsome in luster.

The banner breaks in glory on the breeze,
The trumpets sing from all their brazen throats
A chorused chant of thrilling harmonies,
The drumbeats throb amid the ringing notes—
An echo, but a growing echo; yes,
An echo that is flung from hill to plain,
An echo that shall never grow the less,
Born from the chord that was not struck in vain.

The diapason of the booming guns
Blends with the shriller sounding of the cheers—
Ah, this had been foreheard by those great ones
Who planned the structure in the former years,
Who dreamed and dared, and gave of wealth and life
That this great nation-song should never cease,
Who blent the surging song of somber strife
With all the after croons of honored peace!

And so today the southland and the north
Clasp hands with their blood-brothered east and west
And in the mighty song their lips send forth
The fullness of our faith is all expressed.
And deeper than the very deepest chord
Are the foundations laid in days agone
When men for hearth and home and manhood warred—
The truths our nation has been builded on.

And higher than the farthest reach of song
That quivers in the bosom of the sky
There flames the flag of faith above the throng—
The flag whose plan and purpose cannot die.
The flag of promise floats from sea to sea,
The bugles shout in answer to the drum
And send a sense of strength to you and me
From days that were, and are, and are to come!
